A voice for local residents

Vote for us in the local elections

on 4 May 2023 - and don't forget your ID!

Valerie PIKE says

As a Candidate for Sunningdale & Cheapside, my top priorities are:

- **Residents' health & wellbeing** - get the approved Oaks Leisure Centre and Medical Hub built
- **Sustainable development** - lobby for adequate investment in provision of school places, highways maintenance and public transport
- **Climate change and effects on environmental health** - campaign for regular air quality monitoring, improved cycling paths and ECV points

Matt NEWMAN says

As a Candidate for Sunningdale & Cheapside, my top priorities are:

- **Wellbeing of youth & vulnerable adults** - get a youth club opened so our younger residents can have a safe place to congregate; more investment in day care centres to help with respite care.
- **Safer streets & pavements** - a change of road layout at the Silwood Road junction that intersects with London Road & Buckhurst Road (with the developments taking place at Sunningdale Park and Silwood Park, this will only worsen the situation if nothing is done); improve street lighting
- **Collaborate with Thames Valley Police in crime reduction initiatives** in respect of dwelling burglaries, theft from motor vehicles, especially trade vehicles, in addition to speed checks and more traffic calming measures
